

## Nomination Form

### Distinguished Alumnus Award in Entomology

In 2007, the Department of Entomology at the University of Arkansas established an award to recognize an alumnus of the Department for his or her career, professionalism, contributions and dedication to science. The honor recognizes and promotes both achievement and professionalism in entomology and its related disciplines. Other goals include highlighting the accomplishments of alumni, enhancing alumni and student connections, and highlighting the mentorship of current and past faculty.

The Award will be given annually to a degree-holding alumnus of the University of Arkansas, Department of Entomology. The Award recipient will receive a personal plaque along with his or her name added to a permanent display located in the Entomology Department. The Award will be presented at the department's annual fall social.

**Eligibility:** Recipients must meet the following criteria:

1. Be a degree-holding alumna/alumnus of the University of Arkansas, Department of Entomology
2. Have demonstrated high standards of professionalism
3. Have established a reputation of distinction, excelling either in the broad discipline of entomology or in any aspect of science -- e.g., academia (extension, research, or teaching), industry, government, military, private enterprise or other
4. Be willing and available to accept the award by participating in appropriate on-campus activities to recognize the awardee, and present a seminar on a topic of his or her choice
5. Not be currently employed by the University of Arkansas or the Division of Agriculture
